

AMMI CANADA

MEMBERS IN TRAINING

COFFEE TALK!

AMMI Canada invites you to join our Members in Training Coffee Talk. A presentation geared towards our Members in Training followed by an opportunity for discussion and networking with colleagues from across Canada.

ADVOCACY AND COMMUNITY
ORGANIZING AS AN
INFECTIOUS DISEASES
PHYSICIAN

Tuesday

September 14th, 2021

7:00 PM EDT

Objectives:

Review the importance of community connections in the treatment of infectious diseases

Discuss how to incorporate advocacy into an infectious diseases clinical practice

Tim O'Shea

Tim O'Shea is an Associate Professor in the Division of Infectious Diseases at McMaster University. He is the co-founder and medical director of the Hamilton Social Medicine Response Team (HAMSMaRT) and a member of Keeping Six, a Hamilton based advocacy group made up of people who use drugs and those that love and support them. His clinical work focuses on the treatment and prevention of HIV and HCV in people who use drugs.
