

# Health PEI

## MEDICAL MICROBIOLOGIST

Looking for a break from that long commute? How about working in a place that encourages work-life balance—a place with red sand beaches, friendly communities, world famous seafood and culinary adventures?

Look no further than [Prince Edward Island](#)...

[Health PEI](#) is seeking a Medical Microbiologist to join our laboratory team of six Pathologists, one Haematopathologist and one Clinical Chemist. Clinical infectious disease experience would be an asset and support of the antibiotic stewardship program is expected. The main work location will be the [Queen Elizabeth Hospital](#), located in the province's capital city of Charlottetown, and a secondary location at [Prince County Hospital](#) in [Summerside](#). There is bacteriology and COVID-19 molecular testing at both sites. Mycology, serology and a breadth of molecular testing are also provided in Charlottetown.

### The Position:

One (1) position beginning immediately

### Remuneration:

Physicians have the option of remuneration for regular day time hours by:

- Salary, class IV specialist salary, \$373,362 annually for full-time employment with benefits or
- Contract for service, \$228.08 per hour for a maximum of 1,725 hours annually (no benefits)

Additional remuneration:

- On-call retainer plus fee for service for after-hours on-call
- Fee for service for after-hours emergency infectious diseases consultations.

The [Master Agreement](#) details information related to payment modalities including salary and benefits including paid vacation entitlements, CME funding, RRSP program, retention bonus and more; contract for service; fee-for-service tariff of fees; on-call payments.
