

*Halton Healthcare is an innovative, growing organization with three progressive community hospitals, providing quality health services to more than 350,000 Halton residents. Halton Healthcare is Accredited with Exemplary Standing by Accreditation Canada.*

**LOCUM- INFECTIOUS DISEASES CONSULTANT  
Oakville - Milton - Georgetown, Ontario**

Halton Healthcare is seeking a **Full Time Locum Infectious Diseases Consultant** to join the Department of Medicine, Division of Infectious Diseases between July 2022 and August 2023. Halton Healthcare is three site community hospital, with acute care sites at Oakville, Milton and Georgetown.

The successful candidate will be responsible to cover twelve weeks of inpatient ID consultation (including associated weekends) and twelve weeks of outpatient referrals received at an off site clinic near the Oakville site (shared with the other three infectious diseases specialists). Ongoing care to discharged patients seen during the inpatient service time would be expected during the locum period. There will be no requirement for internal medicine coverage.

Halton Healthcare provides a competitive remuneration for this locum position, for coverage of IPAC and antimicrobial stewardship, with a premium for a candidate with a Royal College certification in Medical Microbiology.

Candidates must have an independent license or be eligible for licensure with the College of Physicians & Surgeons of Ontario (CPSO). They must have certification with the Royal College of Physicians & Surgeons of Canada (FRCPC) in Adult Infectious Diseases, or in Internal Medicine with a Certificate of Special Competence in Infectious Diseases if ID training was undertaken in Canada. Medical Microbiology certification is an asset, but not a requirement.
